EXPLANATORY NOTE.

THIS volume deals with the internal trade of the province of Bengal as it stood prior to its partition on October the 16th, 1905.

For the purpose of recording the trade carried by rail and river the province of Bengal is divided into nine blocks which are constituted as follows:—

- (1) The Calcutta Trade Block, consisting of the town of Calcutta, with Howrah and the Kidderpore docks.
- (2) Patna City.
- (3) The rest of Bihar.
- (4) Western Bengal block, comprising the districts of Burdwan, Bankura, Birbhum, Midnapore, Hooghly, Murshidabad, and part of Nadia (west of the Mathabhanga and the Hooghly).
- (5) Eastern Bengal block, comprising part of Nadia (east of the Mathabhanga and the Hooghly), 24-Parganas, Jessore, Khulna, Backergunge and Faridpur.
- (6) Northern Bengal block, comprising the districts of Dinajpur, Rajshahi, Rangpur, Bogra, Pabna, Darjeeling, Jalpaiguri, Cooch Behar, Purnea and Malda.
- (7) Dacca block, comprising the districts of Dacca, Mymensingh, Tippera, Chittagong, Noakhali, Chittagong Hill Tracts and Hill Tippera.
- (8) Chota Nagpur.
- (9) Orissa.

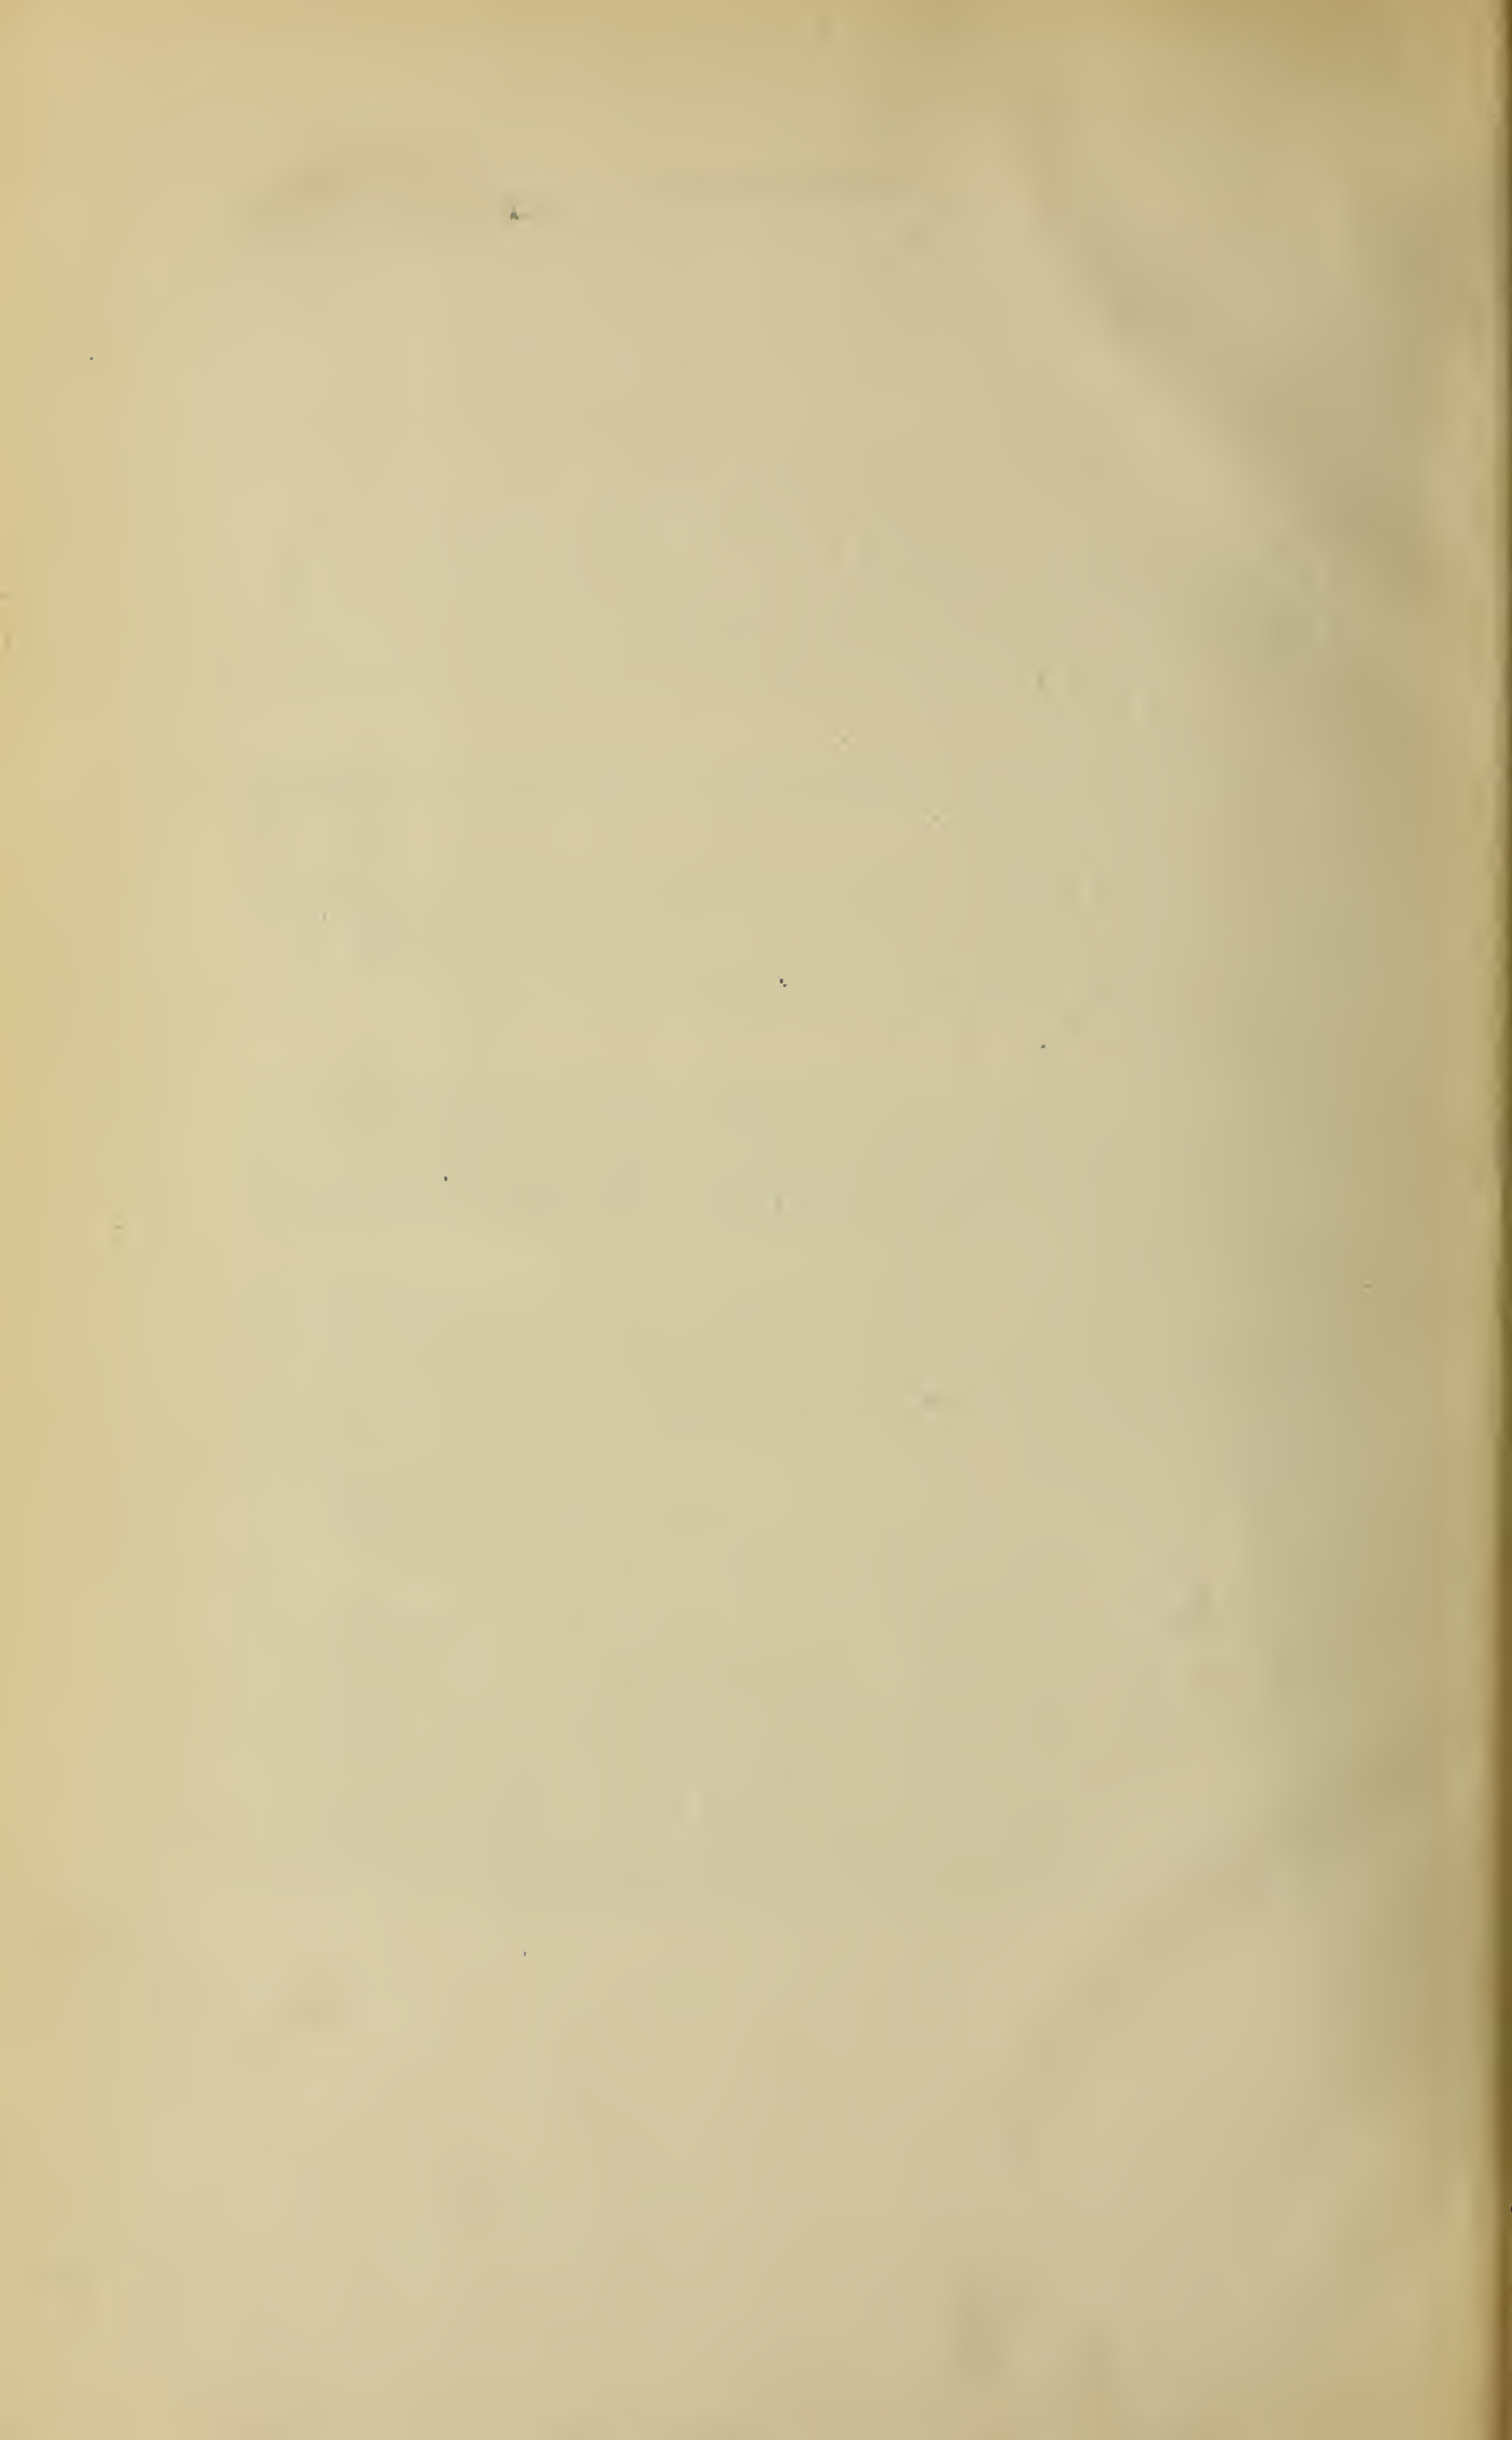

A record of the trade of these blocks by rail, with one another and with other provinces, is prepared in the Railway Audit Offices from invoices of goods despatched. In a similar way a record of trade carried by steamers between different blocks of Bengal and the United Provinces and Assam is prepared from invoices preserved in the offices of the various Steamship Companies. The trade carried by steamers between Calcutta and the different blocks of Bengal is also registered in this way; but the steamer-borne trade of the other blocks of Bengal with one another is not recorded.

As regards the traffic by country boat, there are two stations on the frontier of Assam and six on the frontier of the United Provinces which record the trade of those provinces with the different internal blocks of Bengal excluding Calcutta. Imports into and exports from Calcutta by country boat are recorded by special agencies; but country boat traffic between one block of Bengal and another is not registered.

No road-borne trade is registered except that of Calcutta, and the statistics of this trade appear only in tables Nos. VI and VII which deal with the complete trade of Calcutta by all routes.

The weights stated in these tables represent net weight, that is to say, a reduction at a fixed conventional rate is made from the actual gross weight of the goods as recorded on the invoices by Steamer or Railway Companies. A list of the rates at which reduction is made appears in the Appendix to this Report.

The value of the goods despatched by rail and by steamer is not recorded on the invoices and consequently average values have to be assigned to each article when the accounts are made up. These average values are determined in a variety of ways. In the case of merchandise largely imported by sea, such as piece goods, metals, liquor, salt, foreign sugar, kerosene oil, etc., average quarterly values are reported by the Collector of Customs in Calcutta. In the cases of the great majority of articles of Indian produce or manufacture, average market rates for each quarter are reported by officers at Calcutta, Patna, Burdwan and Manbhum; and on these an average is struck for the whole province. Coal, cotton, grain and pulse, jute, oilseeds, hides and skins, fodder, etc., are reported on in this way. The cost prices of opium and other intoxicating drugs are reported by the Board of Revenue, and the value rates for indigo and tea are calculated from market reports.

REPORT

ON THE

TRADE CARRIED BY RAIL AND RIVER IN BENGAL

IN THE

OFFICIAL YEAR

1905-1906.

The figures in these tables relate to the trade of Bengal as constituted prior to the partition of the Province on the 16th October 1905. In future reports beginning with that of the year 1906-07 the trade dealt with will be that of the present province of Bengal only.

The climatic conditions of the year under review were not favourable to the principal crops of Bengal. In Eastern Bengal the autumn crops suffered especially. For winter rice, which is the chief crop, the rainfall was ill-distributed. The area sown was less and the average yield was about the same. The total outturn was therefore less, especially in Eastern Bengal.

Taking the rates which ruled at typical centres, such as Dacca, Calcutta, Patna and Pabna, the average retail prices of food grains were higher than last year :—

		1904-05.	1905-06.
		SRS. CH.	SRS. CH.
Quantities sold for a rupee—			
Rice (common)	...	14 0	11 0
Wheat	...	15 6	12 6
Gram	...	16 10	14 1
Maize	...	21 4	15 5

For other agricultural staples the wholesale rates per Indian maund were :—

		Rs. A. P.	Rs. A. P.
Jute	...	5 5 11	6 14 9
Sugar (<i>gur</i>)	...	4 12 4	5 7 1
Tea per pound	...	0 5 3	0 5 4
Rape and mustard seed	...	3 14 10	5 1 1
Linseed	...	3 15 1	4 14 5

The trade recorded in these tables is as follows :—

- (a) Tables I and II.—Trade of Calcutta and the rest of Bengal with other provinces by rail and river.
- (b) Tables III and IV.—Trade of each internal block of Bengal with other provinces by rail and river.
- (c) Table V.—Trade of the internal blocks of Bengal with one another by rail and in the case of Calcutta by rail and river.
- (d) Tables VI and VII.—The trade of Calcutta by all routes.

This trade falls naturally into the following classes :—

- (1) Exports from Calcutta to the rest of Bengal and to other provinces.

These exports naturally consist of goods which have been imported by sea into Calcutta from foreign ports and also of the products of Calcutta factories.

- (2) Imports into Calcutta from the rest of Bengal and from other provinces.

Goods sent to Calcutta for export by sea or for manufacture will fall into this class.

- (3) Exports from the rest of Bengal to other provinces.

- (4) Imports into the rest of Bengal from other provinces.

These last two classes consist for the most part of natural produce and some articles of local manufacture.

Kerosene oil, however, is an important exception to this rough classification. It is imported by sea, but as the imports are stored at Budge Budge, which is beyond the limits of the Calcutta block, it appears, when despatched to other provinces, as an export from Bengal and not as an export from Calcutta.

The following figures show the trade of Calcutta and Bengal according to the four classes given above in the last three years:—

		Exports from Calcutta to the rest of Bengal and to other Provinces.	Imports into Calcutta from the rest of Bengal and from other Provinces.	Exports from the rest of Bengal to other Provinces.	Imports into the rest of Bengal from other Provinces.
1903-1904	{ Mds.	34,893,927	166,126,450	32,886,794	20,245,080
	{ Rs.	35,32,01,062	58,02,74,664	6,82,70,854	9,48,85,722
1904-1905	{ Mds.	40,525,852	227,090,365	34,672,097	21,671,350
	{ Rs.	40,30,00,310	64,58,74,137	8,26,46,912	9,02,27,944
1905-1906	{ Mds.	43,653,710	234,444,238	41,612,150	19,869,200
	{ Rs.	43,28,59,201	76,70,29,762	8,81,18,167	8,88,58,189

Exports from Calcutta, both to the rest of Bengal and to other provinces, show a large increase in quantity. More than three-fourths of the total volume of goods exported from Calcutta go to Bengal and one-quarter to other provinces, but the value of the exports to other provinces is higher in proportion. The chief items of export from Calcutta to Bengal and other provinces are cotton piece goods, mostly European, metals and manufactures of metals, sugar, salt, cotton twists and yarns, railway plant and rolling stock, oils, spices, gunny bags and cloth. The despatches of European yarn and piece goods increased in value from 1,888 lakhs in 1904-05 to 1,944 lakhs in 1905-06. Bengal took 1,307 lakhs worth as against 1,256 lakhs in the previous year. The United Provinces received Rs. 389 lakhs or 2 more than in the year 1904-05, and the despatches to the Punjab increased by eight lakhs from Rs. 89 lakhs to 97 lakhs. Exports to Assam, on the other hand, show a decrease of eight lakhs from Rs. 114 lakhs to 106 lakhs. Other principal fluctuations in this class are as follows:—

The exports of sugar increased by 76 lakhs from 193 lakhs to 269 lakhs, railway plant and rolling stock by 64 lakhs from 134 lakhs to 198 lakhs, oils by 54 lakhs from 112 lakhs to 166 lakhs and spices by 45 lakhs from 118 lakhs to 163 lakhs. Exports of salt fell from 253 to 206 lakhs, and exports of gunny bags and cloth from 190 to 149 lakhs.

Turning next to the imports into Calcutta from Bengal and from other provinces a large increase, especially in the value of the trade, is observed. The principal articles in this class are raw jute, coal and coke, rice, tea, hides and skins, opium, lac, gunny-bags, other oilseeds, wheat, and linseed. Imports of raw jute rose from 20½ million maunds in 1904-05 to 24 million maunds in 1905-06. These figures, however, represent only the raw jute brought into Calcutta for export or for manufacture in the comparatively small number of mills which are within the limits of the Calcutta block. Imports of coal increased from 121 million maunds to 139 million maunds and the value from 605 lakhs to 716 lakhs.

Imports of tea into Calcutta, almost entirely from Assam and Bengal, amounted in 1905-06 to 1,993,653 maunds against 2,070,223 maunds in 1904-05. Hides and skins rose from 1·2 million maunds to 1·7 million maunds, showing an increase of ½ million maunds. Imports of wheat fell from 15 million maunds to 6 million maunds. This decrease was due to the smaller receipts from the United Provinces which sent 2·8 million maunds in 1905-06 against 12·9 million maunds in 1904-05. Imports of rice, on the other hand, rose from 12·1 million maunds to 14·5 million maunds. Almost the whole supply came from Bengal. The imports of oilseeds fell from 15·1 million maunds to 8·4 million maunds.

As regards exports from Bengal to other provinces, a very large increase in quantity was accompanied by a much smaller increase in value. These exports consist for the most part of coal and coke chiefly to the United Provinces, rice, sugar, lac, raw tobacco and kerosene oil. The chief fluctuations in this class in the year under review are:—

Coal and coke rose from 24 million maunds to 29 million maunds. Rice rose from 2 million maunds to 3·6 millions.

The total imports into Bengal (excluding Calcutta) from other provinces show a decrease both in quantity and value. Assam sent 1·3 million maunds of coal and coke instead of 2·2 million maunds in the preceding year and imports of linseed from the United Provinces fell from 6 million maunds to 1. Imports of timber, sugar, rice (not in the husk), gram and pulses all show a decrease. In consequence, however, of the indifferent harvest, the imports of paddy rose from 3·1 to 4 million maunds.

INTERNAL TRADE.

The trade of each registration block in the last three years is given below in lakhs of maunds:—

		IMPORTS			EXPORTS		
		1903-1904	1904-1905	1905-1906	1903-1904	1904-1905	1905-1906
Calcutta	...	1,426	1,963	2,147	275	321	343
Western Bengal	...	276	248	278	771	976	1,045
Chota Nagpur	...	27	29	34	676	808	1,097
Eastern Bengal	...	341	240	286	239	268	269
Bihar	...	177	195	217	176	206	153
Northern Bengal	...	66	66	72	129	127	132
Dacca	...	44	51	57	84	76	1
Orissa	...	10	13	17	17	23	25
Total Trade	...	2,367	2,805	3,108	2,367	2,805	3,108

The largest part of the produce imported into Calcutta by rail and river comes from the Western block (chiefly coal and coke and grain and pulse), Chota Nagpur (chiefly coal and coke), Eastern Bengal block (chiefly grain and pulse, jute and timber), and Bihar (chiefly grain and pulse and oilseeds). The Northern and Dacca blocks also send large quantities of jute and some grain and pulse.

The imports into the Eastern block are principally coal and coke from the Chota Nagpur and Western districts, and also rice and paddy from the Western districts; salt and food grains from Calcutta; jute from the Northern and Dacca blocks, and rice and paddy from the Northern block.

The Western block receives principally coal and coke and timber from Chota Nagpur; salt, grain and pulse, oilcake, railway plant and rolling stock, sugar, metals and manufactures of metals, and piece goods from Calcutta; stone and lime, grain and pulse and oilseeds from Bihar; kerosene oil from Eastern Bengal and jute and rape and mustard seed from Northern Bengal blocks.

The Bihar block receives chiefly coal and coke from Chota Nagpur and the Western Bengal block; salt, railway plant and rolling stock, piece goods, and iron and steel from Calcutta; kerosene oil from Budge Budge.

The exports from the Western Bengal block consist chiefly of coal and coke and grain and pulse sent to Calcutta, and coal and coke to the Eastern block. Chota Nagpur exports principally coal and coke to Calcutta and the Western, Bihar and Eastern blocks. Bihar sends grain and pulse and oilseeds chiefly to Calcutta. The articles most largely exported from Calcutta are salt, railway materials, grain and pulse, sugar, wrought-iron and steel, cotton piece goods, oilcake, and gunny bags and cloth; from the Eastern block jute, grain, and pulse, kerosene oil, timber, and fodder; from the Northern block jute, grain and pulse, and tea; and from the Dacca block jute.

CALCUTTA,

December 20th, 1906.

FREDERICK NOËL-PATON,

Director-General of Commercial Intelligence.

Important changes in the rates of freight on goods carried by the Railways in Bengal in 1905-1906 and the preceding year

										5—Others

Imports are omitted from the total of the trade by all routes, because Hodge-Budge, where all kerosene oil imported by sea is discharged and stored, is within the Port of Calcutta and has been previously shown as imported into Calcutta by sea.

* The trade by sea in this article is not recorded in pounds. The value is included in the total value.

QUANTITY (in maunds) and VALUE (in rupees) of articles IMPORTED into the CALCUTTA trade block
